## POP POLITICIAN SAYS POPS WON'T GO TO THE POLLS NEXT FALL

M. J. Albright, of Kingman, Takes a Shot at W. L. Brown Who is Chairman of the State Board of Charities—Says Brown is a Dangerous and Mean Man and Will be Turned Down—Thinks the State is on the Road to Bad Under Pop Rule and is Himself a Populist—Thinks a Big Part of the Legislature Boodies.

M. J. Albright, who was once county commissioner in Kingman county, who filed charges of bribery and corruption against Board of Charities Chairman W. L. Brown of Kingman and State Printer Parker, who demanded that these same charges be investigated and declared that he could prove them; M. J. Albright, the Pop politician and wordy statesman of Kingman, was in town yesterday.

It is said that out in Kingman county Albright, after the fashion of Pops, cuts a great deal of ice. At least, no one has ever accused him of deliberately lying about his own party. He talked yesterday—which no one ever accused him of not doing. He visited the county commissioner's office at the court house, and this is the state of Pop politics that he figured out to the crowd.

"A good many of our fellows at Topeka last winter voted with the Republicans. The boodie part of the crowd all voted that way. I do not mean to say that all the Republican members were boodies, but our fellows who voted with them were. I cannot see that things are any better now than under Republican rule and it was as bad as it could be then. If they keep on fooling and deceiving the people this way it won't be long till people won't go to the polls.

"Out in our county we have a mean, dangerous man who tries to run things in the Populist party there, and, in fact, over the state. It seems that such men are in the saddle in this state now. Well, if it wasn't for the purpose of tying up the hands of this political charlatan in our county there wouldn't half of the Populists of Kingman county go to the polls any more, they are so utterly disgusted. They swear they won't any way, but they will for revenge, when the time comes, and they'll do it all over the state, too."

The mean and dangerous man he referred to was W. L. Brown, of whom Albright was a rival for chairman of the state board of charities. Brown was accused of a deal with Parker on the state printer fight, and Albright said he could prove it.

## AN IDEAL SUMMER TRIP

Epworth League Excursion to Toronto in July.

That is what the Epworth League excursion will be, and quite a number of Wichita leaguers will attend. The rate, Wichita to Toronto and return, will be \$15.00, and this rate is open to the public. The local committee has selected the Missouri Pacific, Clover Leaf, Detroit and Cleveland Navigation company and Cleveland and Buffalo line as their official route, leaving Wichita at 2:10 p. m., Monday, July 12.

The route selected takes our party to Toledo, Ohio, by rail, thence via the above mentioned steamship lines to Buffalo, touching at Put-In-Bay Island and Cleveland, Ohio, continuing from Buffalo via the Buffalo and Niagara Electric line for a twenty mile ride along Niagara river to Niagara Falls, where the party will stop long enough to view the falls. Leaving Niagara via the Great George road, we pass along down to the very edge of the rapids until the whirlpool is reached; here the cars come to a standstill opposite the whirlpool long enough to enable the tourists to fix this wonderful picture in their memory. Then Lewiston is reached, where the party take the boat line for Toronto, arriving at 2 p. m., July 15th.

In order that passengers may be subjected to the least annoyance possible, arrangements have been made so that baggage can be checked direct to Toronto avoiding tedious examinations by customs officials while on the way. Those going via the above route can choose between a great variety of routes returning, among which are the Erie railway and Nickel Plate route, both granting stop-overs at Lake Chautauque. This point of advantage should not be overlooked.

For all further information call on E. E. Heckley, agent Missouri Pacific railway, 114 North Main street, or address O. A. Boyle, 128 East Douglas avenue, Wichita, Kan.

## MUSIC AND DRAMA.

**SPOONER DRAMATIC COMPANY.**  
One of the few companies that have had success this season is the Spooner Dramatic company. The reason: They give an up-to-date performance—the press never tire of saying nice things of them—the Sedalia Democrat says: "The Spooner Dramatic company, individually and collectively, are all that can be desired. Mr. F. E. Spooner and Miss Alice Spooner are particular favorites. Mr. Spooner is one of the best comedians ever seen here and what a dainty little girl Alice Spooner is. We rarely see so young a leading lady with such repose, more refined air and graceful dancer. She is equally at home in a

## Good Blood

is essential to health. Every nook and corner of the system is reached by the blood, and on its quality the condition of every organ depends. Good blood means strong nerves, good digestion, robust health, impure blood means eczema, dizziness, rheumatism, catarrh or other diseases. The surest way to have good blood is to take Hood's Sarsaparilla. This medicine purifies, vitalizes, and enriches the blood, and sends the elements of health and strength to every nerve, organ and tissue. It creates a good appetite, gives refreshing sleep and cures that tired feeling. Remember,

rollicking soubrette's role or a strong emotional part. Her specialties were splendid. The Kaleidoscope dance was grand and sublime. This company begins a week's engagement at the Crawford Grand Monday, June 28, with the "Flower Girl," 20 and 30 cents. Any person buying a 10-cent seat can take one lady free.

## GRAND ORATORIO OF ELIJAH.

This magnificent work of musical genius puts into vocal and instrumental music the greatest and most dramatic events in the life of the prophet, Elijah. The first part begins with the drought and famine in Israel. The cries and prayers of the people for rain and bread. The raising of the widow's son. The great tragedy of the overthrow of the priests of Baal on Mt. Carmel, and the blessing of God upon Israel in the end of the drought and famine. Part two begins with the magnificent chorus "Hear Ye Israel," then the conflict between Elijah, Ahab and the wicked Queen Jezebel. Then the flight of Elijah into the wilderness; his despair under the juniper tree; the songs of the angels to inspire and encourage him. In this part are some of the most magnificent choruses ever set to music. "Lift Up Thine Eyes," "Night Falls Around Me." Finally the Oratorio ends in a stirring outburst of glorious vocal and instrumental music, portraying Elijah's ascent to heaven in a chariot of fire.

Mr. Blon Hull, in the grand role of Elijah, will undoubtedly astonish his friends. Misses Larimer, Walker, Clark, Wilson, Ahern and others will have opportunities never before offered in this great production of Mendelssohn. Messrs. Hull, Fuller, Wood, Smythe, Bush and others will take parts in solos or quartette work. Mr. P. Higgins as Ahab, will appear to advantage. Messrs. Hill, Bliss, Vincent, Schaeffer, and A. A. Wood will sing in solo or quartette parts.

Waldemar von Dahlen will display his magnificent vocal power in the role of Obadiab. A prominent musician of Wichita said yesterday: "It would be worth the price of admission to hear Von Dahlen in one song." Miss Edna Parkhurst, who will sing the part of the widow and several soprano solos, is too well known to need comment.

The Auditorium is perhaps the coolest building in Wichita, and every care will be taken to have it thoroughly ventilated, with every window and south door open.

Letters have been received from different places showing a large outside attendance. Seats are now on sale at Bittling Brothers, 128 East Douglas avenue, for both evenings. Admission 50 cents for any part of the house.

## GONE AT RECEIVER'S SALE

Goodyear Drug store Auctioned off Under Cottonwood Tree.

The Goodyear drug store at the corner of Emporia and Douglas avenues was sold yesterday at receiver's sale. R. M. Platt was the receiver and James Goodyear bought it for \$50. This is the result of the case of A. Fleming against Chas. Maddox, which has been pending in the district court. Enough papers have been filed in this case to cover a case involving a thousand dollars. After considerable pleading pro and con, Judge Dale ordered a sale of the property, which occurred yesterday at 2 o'clock. The sale was made under the big cottonwood just east of the store.

## METEOR DID IT

Extreme Hot Weather Caused by the Aerolite Last Sunday.

Dr. Fred S. Johnson, head of the weather bureau, gives a very plausible theory for the intense heat which has prevailed for the past week. He says that the phenomenon of high temperature this week was caused by the meteor which fell last Sunday night. The intense heat of the meteor was radiated off into the surrounding air, and this in addition to the normal heat received from the sun has raised the temperature higher than it has been during any previous June since the opening of the weather station in this city, in 1881. This will afford those who believe in science to give a better account of the extreme heat of last week.

## NORMAL INSTITUTE NOTES

The enrollment has been increased by Misses Clara Wood, Bulala Windle, Nettie Alexander, Kate English and Carrie Adams.

Interest is growing in Mrs. Temple's penmanship class.

Any one interested in the National Number Books may see the books manipulated in the morning in the primary room, or in the chapel during the last morning period.

Mr. Speer is superintendent of the west division of the Chicago public schools. A portion of the school management period is taken up very profitably by observing the practical teaching of the little people of the primary department by Miss Carrie Sully.

The lesson yesterday included the first lesson in writing, which consisted of having the pupils walk a narrow plank to the strains of music. This is for poise of the body and freedom of the muscles.

## COMING LOCAL EVENTS.

Church of Christ, Scientist, in Fletcher block, 112 West Second street—Services at 10:30 a. m., to which all are invited. Experience meeting Friday evening at 8 o'clock.

The directors of the children's home will meet tonight in the east room of the First Presbyterian church, at 7:45 sharp to attend the public meeting of the board. Mrs. J. L. Dyer, Secretary.

The funeral services of John Simmons, husband of Sister Nellie Simmons, will take place from Gill's undertaking rooms (Sunday) afternoon at 4 p. m. All members of W. R. C. No. 49 are especially invited.

## SUED FOR WAGES

## BIG TENT SHOW ATTACHED LAST NIGHT BY THOMAS KELLY.

Just After the Close of the Performance Last Evening, Constable Thomas Voss Served an Attachment for Wages Which Mr. Kelly Claims is Due Him for Services Rendered—Mr. Kelly Says He Has Coming to Him the Sum of \$75 and That He Has Been Fined \$14—Henry Schmitzler is Dr. Clark's Attorney.

Just after the performance last night at the Big Tent show Doctor Clark, the proprietor, was served with an attachment by Constable Thomas Voss for wages said to be due Thomas Kelly, the baritone soloist, who has been so popular with Wichita audience.

Mr. Kelly had the papers drawn up by his attorneys, Eckstein & Dedrick, and they were served as soon as the show closed last night, which was about 11 o'clock. Mr. Kelly said last evening that he went to Dr. Clark immediately after he was through his work last night and asked for his week's wages besides what he claimed was due him on back salary. He said that Dr. Clark had him charged up with \$14 in fines, and that the doctor owed him \$40 on back salary.

The big tent show closed their engagement here last night, expecting to leave here for Arkansas City this morning. Dr. Clark gave Henry Schmitzler \$150 in cash and Mr. Schmitzler went on the doctor's bond to appear before Justice of the Peace Enoch on July 1. This allowed the doctor to fold his tent and leave for Arkansas City as he had originally intended to do. Mr. Kelly tendered his resignation to the doctor two weeks ago to take effect last night. There was quite a little stir on the part of the friends of both parties.

Dr. Clark claims that Mr. Kelly was under contract to sing at his performance for a given time and that the contract had not expired and that the departure of Mr. Kelly necessitated him much trouble besides having to go to the expense of getting another performer.

## CHILD'S WONDERFUL VITALITY

Little Fellow Who Swallowed Lye is Doing Well.

The Manchester Journal says this week that little Wayne Simmons, who swallowed concentrated lye on March 26 last, and whose life was despaired of for so long, is still experiencing a full share of the ailments of physical nature. He has practically recovered from whooping-cough contracted only two weeks after swallowing the lye, but this ailment had hardly worn off until on Wednesday of last week he was taken with flux, which materially reduced him in strength and vitality before Doctor Safford got the disease under control. Immediately following this on Monday morning last from the effects of mucus raising in the throat, or other unknown cause, he was rendered unable to swallow, and remained in this condition for over twenty-four hours, but having once gone eleven days without partaking of any nourishment, the last week he was taken with flux, which materially reduced him in strength and vitality before Doctor Safford got the disease under control. Mr. and Mrs. Simmons brought the baby to Wichita a few weeks ago to see if the doctors in this city could do anything for him. They held out no encouragement, and they returned home sorrow-stricken. From the above it will be seen that the little fellow is getting along nicely, with splendid chances for his ultimate recovery.
